In a glaring example of a great human being behind a proud uniform of delhi police was shri. Habib khan , ASI whom I chanced upon doing his duty at the entry gate of saket courts when the judgment in the delhi gang rape was to be pronounced in the delhi fast track court . when traffic police personnel were very tactless in handling people , visiting the courts he helped me, a lady in wheelchair who was denied entry by traffic police people . he came running and like a god sent devdoot helped me in going inside the court premises and when I came back after the verdict , he again helped me in boarding my car . the concern shown was something which delighted my heart made me write this e-mail to put on record the need to encourage these kind of people and appreciate them for service to the citizens .

Thanking you

Yours faithfully
